Core Competencies

Information Packaging is a specialty envelope manufacturer, including envelope design, high quality lithographic printing and precise envelope gluing and folding. One of our major products is manufacturing sleeves / holders that block RFID signals. ArmorShield® sleeve products are GSA FIPS 201 approved implementing Homeland Security Presidential Directive 12 Product and Service Components or HSPD-12 generally referred to as Electromagnetically Opaque Card Sleeves. ArmorShield® protects various card types and passports from unauthorized scanning providing needed security requirements.

Information Packaging manufactures:

- **Optical disc envelope packaging products** – widest line available for storing data on optical media / DVDs
- **Photo Activity Tested sleeves and envelopes** - used in archiving film, documents and prints
- **Card sleeves** - for credit cards, hotel key cards and gift cards.

Comparable Experience

Information Packaging's manufactured products are being used now in many government applications:

- Library of Congress
- U.S. Passport Cards
- Department of Homeland Security Permanent Resident Cards
- Personnel identification cards used by the Department of Defense
- Enhanced driver's licenses of New York, Washington, Vermont, Quebec, Ontario and British Columbia.

Competitive Differentiators

Information Packaging is a 30-year-old U.S. manufacturer located in a modern 42,000 square foot plant outside of Rochester, NY. Information Packaging is a small, flexible, 34 employee company with \$5 million in sales. All products are made in the USA with 100% US content. The company is one of only three authorized to buy Tyvek® for envelope products directly from DuPont. Information Packaging is a highly focused manufacturer of packaging envelopes with significant surge capacity to support the government's requirements. **Dealing directly with the manufacturer can save your agency dollars.** More about the Company can be learned at www.infopkg.com.
